

Bharatiya Vidya Bhawan Vidyashram, Jaipur
(Primary Section)

SCIENCE EXHIBITION

Primary Section organized the Science exhibition (based on curriculum) on October 18, 2019. Students of class V showcased static and working models with great enthusiasm on topics like pollination, natural indicators, transpiration, life cycle of animals, vegetative propagation, properties of magnets, adaptation of animals, and many more. The Principal and the Vice- Principal witnessed the exhibition and encouraged the students to develop a scientific fervor so that they develop the qualities of analytical and critical thinking.
