Dear Pupil,

A youthful life entails growing boldly and courageously reaching for the sky. And the first thing needed to soar limitlessly is, being organized from the very beginning and learning to use the time at your disposal with unremitting exertion.

Unsparring efforts are made every year to prepare your Scholars Diary so that we can harmoniously exuberantly and meticulously advance in our endeavours to meet the challenges posed by staggeringly wide range of activities and rigours of academics at the same time.

Also, the prayers pertaining to all religions will make you culturally sensitive citizens of India and the world which will help in negotiating your adolescent years with informed healthy choices.

So, row through the modicum of awareness and sea of academics with rock bottom learning outcomes and we hope that the planner will turn out to be an important tool in taking you to the island of success.
