The school organized a session on Identification of Child Abuse and Protection against it on January 23, 2024 for students of Std III-V.

The keynote speakers for the session were Shri Naveen Jain IAS and Secretary School education department, Rajasthan, Dr. Saurabh Jain, DMHS SMS Medical College and Ms. Mukul Kavia, Chief Block Education Officer, department of education, Rajasthan.

Through a lively and interactive session, students were apprised about identification of Good and bad touch. Students were apprised about various agencies and helpline numbers for complaining against child abuse. The session was organized as one of training programmes by Sparsh-a voluntary organization working towards providing a safe childhood to children. The session was very informative and beneficial for the students.

## *Community Helpers - Project Based Learning*

Our young explorers of class I embarked on a thrilling journey with Project Based Learning adventure focused on understanding Community Helpers. A research was undertaken which involved meeting the helpers, interviewing them, gaining information about their work and tools. The project work also involved role plays, craft work, speaking activities to enhance students' vocabulary and oratory skills. It was an immersive experience for the students that induced and instilled moral values. These little buds motivated and cheered for our helpers on the field during the sports event followed by prize distribution.

## *My Garden on Potato Head*

My Garden on Potato Head Activity was conducted to provide students of class I with hands-on understanding on gardening. Each student was asked to create his own potato head utilizing things available at home like potato, cotton pad and mustard seeds. It was an enjoyable method of reinforcing students' understanding about gardening and developing a sense of responsibility and care through hands on learning. Decorating the potatoes with the growth overhead further created an element of excitement and fun.

## Mega Art

The Mega Art Competition was organized by the Fine Arts Department for students from classes I to V to express their creativity and artistic prowess. The competition aimed to foster imaginative thinking, storytelling skills, and awareness about diverse themes, while also emphasizing critical societal and environmental issues.

## *Computer Activity - e-Game Creation (Block Coding)*

Department of Information and Technology organized an e-Game Creation (Block Coding) activity. Through this activity the students were able to explore and share ideas on the given topic by creating a game that included changing background, sprites, animation, sound and voice narration. They created interesting games using scratch block coding.
